

# The Chinese University of Hong Kong

## Department of Biomedical Engineering

### Event Overview

Event name	The 2023 International Symposium on Soft Robotics for Cerebral Palsy Kids
Date	15 June 2023
Time	09:30 - 15:00
Venue	LT9 Yasumoto International Academic Park, CUHK
Number of attendees	50-70

### Objectives

The Symposium on Soft Robotics in Cerebral Palsy aims to bring together leading researchers from around the world to discuss recent advancements in rehabilitation robotics for children with cerebral palsy and other disabilities. The event also focuses on the development of robotic and mechatronic technical aids that enhance independent living for elderly and disabled individuals. Led by Professor Raymond Kai-Yu Tong from CUHK, this symposium is supported by experts in the field of cerebral palsy research. Other distinguished presenters include Mr. Darryl Chiu from Cerebral Palsy Alliance, as well as Mr. Lachlan George Croker from The University of Sydney, all of whom will be sharing their unique insights on technology and its impact on individuals with cerebral palsy.

Start time	End time	Activity
09:30	10:00	Registration of the participants
10:00	10:15	Welcome opening by Prof. Raymond Tong
10:15	10:45	Improving the accessibility and rehabilitative function of an existing paediatric soft-exoskeleton (Mr. Lachlan Croker)
10:45	11:15	Technology and Innovation for Cerebral Palsy (Mr. Darryl Chiu)
11:15	12:00	Soft Robotic for Cerebral Palsy Kids and Closing Remarks (Prof. Raymond Tong)
12:00	14:00	Lunch
14:00	15:00	Research Discussion

\*\*\* ALL ARE WELCOME \*\*\*

For enquiries, please contact Ms. Joyce Chan, Department of Biomedical Engineering at 3943 8278/ Ms. Fanny Tong by email (fannytong@cuhk.edu.hk)
