

Congratulations to our outstanding research team and BME students with Awards! 🏆 We are happy to announce that we received both the Best Paper Award and the Best Poster Award at the 2024 International Convention on Rehabilitation Engineering and Assistive Technology & World Rehabilitation Robot Convention (i-CREATE & WRRRC) which held in Shanghai. 2024年國際康復工程與輔助技術大會暨世界康復機器人大會

🏆 Best Paper Award:
"Hand Landmark Detection Approach for the Personalized Soft Wearable Robotic Hand on Post-Stroke Hand Rehabilitation" by Sumedha Saxena, based on her MSc BME project, with invaluable support from Prof. Li Zheng, Prof. Raymond Tong, and the Hopebotics team. She received CUHK MSc BME Scholarship and MSc BME Conference Paper Scholarship.

📄 Best Poster Award:
"Impact of Pattern Design on the Performance of Kirigami-inspired Flexible Piezoresistive Strain Sensors" by Dr. Jing Shu and Dr. Junming Wang, both of whom completed their PhD under Prof Raymond Tong supervision.

We are incredibly proud of their achievements and their dedication to research.

Our participation in i-CREATE & WRRRC 2024 highlights our commitment to advancing assistive technologies and underscores the importance of our collective efforts in enhancing the quality of life for the elderly and individuals with disabilities.

Let's continue to inspire change!
